Investments

Simple Choice Super Values

Simple Choice Super is just like the name says... Simple, clear and uncomplicated.

Easy to join online, help to find and combine other super accounts, just the one investment options, competitive fees, and simple insurance available, but only if you want it. We do more than just send you statements with numbers on a page. We also seek new ways to inform, connect and engage with our members on the issues that matter.

Simple Choice Super offers a single investment strategy - **Simple Choice Super Balanced Growth**. The Fund does not offer a MySuper product, therefore, we are unable to accept contributions on your behalf unless an *Application Form* has been completed. By completing an Application Form for Simple Choice Super you will be authorising for 100% of your account balance to be invested in the Simple Choice Super Balanced Growth investment strategy. Please refer to the PDS and Additional Information Guide at the Simple Choice Super website for further details at www.simplechoicesuper.com.au.

The investment strategy of the Fund takes into account the following criteria:

- the risk involved in making, holding and realising investments, and the likely return from those investments, having regard to the Fund's objectives and its expected cash flow requirements,
- the composition of the Fund's investments as a whole including the extent to which the investments are diverse or involve the option of being exposed to risks from inadequate diversification,
- the liquidity of the Fund's investments having regard to its expected cash flow requirements, and
- the ability of the Fund to discharge its existing and prospective liabilities.

The objective, strategy and asset allocation for the Simple Choice Super's investment option is given below. The objective is not a promise or guarantee of a particular return or benefit but is utilised by the Trustee to measure the performance of the option.

Part of the Fund's assets may be allocated to external fund managers and their products. Asset allocations may vary from time to time for various reasons including asset allocation decisions and market movements.

The upper and lower limits of the benchmark may also vary from year to year, depending on changes to the Investment Strategy made by the Trustee.

Refer to the current Simple Choice Super Product Disclosure Statement ("PDS") including related incorporated information for more detailed information about the investment strategy and investment risks. The PDS is available by contacting Simple Choice Super on 1300 352 734 or by emailing info@simplechoicesuper.com.au, or downloading from the website at www.simplechoicesuper.com.au.

You should consider the likely investment return and the risk and your investment time frame when choosing an investment option.

Investment Performance

Simple Choice Super Investment performance

A superannuation funds investment performance typically varies over time. Because superannuation is a long term investment, longer term returns (such as 5 and 10 investment returns) smooth out short term results.

Depending on the nature of each investment option (including its risk profile), an investment option may experience negative returns from time to time and it is generally not appropriate to assess the performance of an investment option by the return for a single year or other short term periods.

Actual returns will be determined by the investment strategy adopted and prevailing market conditions. The Fund's monthly investment performance information is also made available at <http://www.gpml.com.au/superannuation-products/simple-choice-super>

Information on investment performance relating to your Account specifically is provided in your Annual Member Statement for the year ended 30 June 2020.

Investment Performance Returns % - Financial Year 30 June 2020²

Simple Choice Super returns as at 30 June 2020¹	1 year¹ p.a.	5 Years	10 Years	Since inception² p.a.
Accumulation				
Balanced Growth	1.33%	N/a	N/a	5.29%

Notes:

- Returns are based on actual investment options. Returns shown for 1 year periods or longer are annualised amounts and are net of all investment fees, administration fees and taxes, excluding member direct fees. Returns are calculated using changes in the unit price. Past performance should not be relied upon as an indication of future returns.
- Compound returns since inception are compound annualised averages and are net of all investment fees, administration fees and taxes excluding member direct fees. When the 5 or 10 years compound return is unable to be determined, the since inception return is provided. Inception date 28 August 2017.

Neither past performance nor volatility is a reliable indicator of what may happen in the future. Neither capital nor returns are guaranteed.

Past performance is calculated net of investment fees and taxes excludes fees charged to member Accounts directly, and does not take into account inflation

Investment strategy

The tables following contain information regarding on the investment strategy of the Fund for the year ended 30 June 2020. Details of investment options shown are not a guarantee of any particular benefit or return. The investment option objectives are used by the Trustee to measure the performance of the Fund's investments. You should consider the most up to date PDS and PDS Guides where applicable, Annual Report and any Significant Event Notices provided to you when choosing an investment option in either Accumulation or Pension. There is one investment strategy in the Fund for members of Simple Choice Super as at 30 June 2020: Balanced Growth Investment Strategy (for accumulation members),

Balanced Growth investment strategy

Investment Return Objective			
CPI + 2.5% per annum over rolling six year periods (after fees and taxes)			
Investment Strategy			
Simple Choice Super aims to invest in a diverse mix of assets with the majority in growth assets such as shares, and a modest investment in defensive assets such as cash and fixed interest. This option aims to provide investors with the highest possible returns consistent with a 'balanced growth' investment strategy. Specific allocations may vary but the option will retain a broad 70/30 split between growth and income assets.			
Asset Classes and Benchmark Allocations	Upper Limit	Lower Limit	Benchmark
Australian Shares*	70%	30%	55%
International Shares*	25%	5%	15%

Total Growth			70%
Australian Fixed Interest	45%	15%	25%
International Fixed Interest	15%	0%	0%
Cash	20%	2.5%	5%
Total Defensive			30%
Suitability			
This option is suitable for members comfortable with accepting short term volatility in order to achieve higher long-term returns			
Recommended Minimum Investment Timeframe			
Minimum 4 - 6 years			
Risk Level [^]			
Risk Band 6: High (4 to less than 6 estimated negative annual returns over any 20-year period).			

*Includes property securities and Real Estate Investment Trusts (REITs).

[^]Based on the Standard Risk Measure. For more information, refer to the Simple Choice Super Additional Information Guide available at www.simplechoicesuper.com.au.

Standard Risk Measure

The risk profile of the Fund's investment strategy is based on the Standard risk measure. The standard risk measure is based on industry guidance to allow you to compare investment options that are expected to deliver a similar number of negative annual returns over any 20 year period. The standard risk measure is not a complete assessment of all forms of investment risk, for instance it does not detail what the size of a negative return could be or the potential for a positive return to be less than a customer may require to meet their objectives. Further, it does not take into account the impact of administration fees and tax on the likelihood of a negative return. Customers should still ensure they are comfortable with the risks and potential losses associated with their chosen investment option(s).

Other considerations

Derivatives

The Trustee does not permit any investments directly in any futures, options or other derivative instruments. However, external managers may use derivatives in managing pooled investment vehicles in which the Trustee invests. Derivatives may be used for the purpose of hedging transactions and managing risk.

Labour standards, environmental, social and ethical considerations

Labour standards, environmental, social and ethical considerations are not taken into account in the selection, retention or realisation of investments for the Simple Choice Super investment strategy.

Please refer to the PDS and Additional Information Guide for further information on Simple Choice Super's investment strategy.

News in superannuation

This update was compiled as at October 2020 and is subject to change. For up to date information relating to taxation of superannuation, go to ato.gov.au or contact the Fund.

It's been another significant financial year, with further changes to laws by the Federal Government for superannuation, as well as amendments to support the economy through COVID-19, with certain opportunities becoming available, some of which may apply to you.

Contributing to Super

The 'work test'

From 1 July 2020, Australians aged 65 and 66 don't need to meet the 'work test' to make a voluntary contribution.

However, the 'work test' is still applicable after you turn age 67 up until you turn age 75. To meet the 'work test' you must be gainfully employed or self-employed (for reward) for a period of at least 40 hours in a period of 30 consecutive days in the financial year in which the contribution is made.

'Work Test exemption'

For individuals aged 65 to 74, the 'work test exemption' has applied since July 2019. To meet the criteria, you must have:

- Satisfied the work test in the financial year preceding the year in which you made the contribution,
- A total superannuation balance of less than \$300,000 at the end of the previous financial year, and
- Not previously used the work test exemption.

From age 75

At age 75 or older, you can no longer make any after tax contributions to your super, even if you satisfy the work test or the work test exemption and your total super balance is less than the Total Superannuation Balance Cap. There is one exception. You can make a voluntary personal contribution provided it is received by the fund within 28 days of the date on which you turn 75. The Total Superannuation Balance Cap is currently \$1.6 million and includes all accumulation and pension superannuation assets.

Spouse Contributions

If you are eligible, your spouse can make after tax contributions to your super on your behalf.

From 1 July 2020, the age limit for spouse contributions has risen from age 69 to age 74. If you are aged 67 to 74 you will still need to meet the work test or satisfy the work test exemption criteria. Previously, you were eligible if you had not reached age 65, or you had reached preservation age but were aged up to age 69 and met the work test or work test exemption. The contribution must also be paid from an account in the name of your spouse or a joint account where your spouse is an account holder.

A 'spouse' includes your husband or wife via marriage or a person you are in a relationship that is registered under certain state or territory laws or another person, who although not legally married to you, lives with you on a genuine domestic basis in a relationship as a couple.

Contributions Caps

There are limits to the amounts of contributions you are able to make to your super each financial year in order to be taxed at lower rates. These limits are called contribution caps. The cap amount and how much tax you need to pay depends on your age, the financial year that the contribution relates to and whether the contributions are concessional (before-tax) or non-concessional (after-tax) contributions.

Caps for the upcoming financial year 2020-2021:

- the concessional contributions cap is \$25,000 irrespective of your age.
- the non-concessional contribution cap is \$100,000 per year.

Carry Forward arrangements

Concessional cap – Carry forward arrangements

Since 1 July 2018, you have been able to carry forward an unused amount of your concessional contributions cap. The first year in which you have been able to increase your concessional cap by the amount of unused cap was 2019-20, but only if you had a total super balance of less than \$500,000 at the end of 30 June in the previous year. Unused amounts are available to you for a maximum of five years, and will expire after this if not used.

Non Concessional contribution cap – Bring Forward arrangements

For the 2020-21 financial year, it was proposed to extend the non-concessional cap bring-forward rule to people up to the age of 67. However, at the time of writing, this is not yet law. Currently, if you are under age 65, and are eligible, you may be able to make non-concessional contributions up to three times the annual non-concessional contributions cap in a single year in any one three-year-period.

That is, you can contribute up to \$300,000 in any one three-year period, depending on your total superannuation balance. This means, that when you make contributions greater than the annual cap, you automatically gain access to future year caps. You can then make further non-concessional contributions after the end of that three-year period, up to your non-concessional contribution cap, provided your total superannuation balance is still less than \$1.6 million.

Further information including eligibility criteria can be found in the Super caps, rates and thresholds factsheet available on the Funds Secure Online Portal. Contribution caps may change from time to time. Refer to www.ato.gov.au/super for up to date information.

Accessing your super early

There are very limited circumstances when you can access some or all of your super before you reach your preservation age or retire. These circumstances are related to specific medical conditions, severe financial hardships, or specific legislation such as the First Home Super Saver scheme (FHSS).

The First Home Super Saver (FHSS) scheme

Since 1 July 2018, you've been able to withdraw up to \$30,000 you may have voluntarily contributed to your super account since 1 July 2017 for the purposes of buying your first home. The benefit of this scheme is that because your deposit is being saved through super, you could pay less tax than on outside-super savings.

There have been some changes to the FHSS scheme which came into effect on 1 July 2019. These were:

- The FHSS scheme can only be used to buy a home in Australia,
- You must apply for and receive a FHSS determination from the Australian Taxation Office before signing a contract for your first home or applying for the release of your FHSS savings, and
- You have 12 months from the date you made a release request to either sign a contract to purchase or construct your home (and notify the ATO within 28 days of signing) or re-contribute the assessable amount FHSS amount (minus withheld tax) into your super and notify the ATO within 12 months of the valid release request date.

Financial hardship and Incapacity

Early access from super can be considered as follows:

By application to the Fund for consideration by the Trustee:

- Severe financial hardship,
- Temporary incapacity,
- Permanent incapacity, and
- Terminal illness.

By application via my.gov.au and regulated by the ATO:

- COVID-19 early release from super,
- Compassionate grounds, and
- First home super saver scheme

Coronavirus Economic Response Package Omnibus Bill

Changes were made to super by the Federal Government as part of the coronavirus Economic Response Package Omnibus Bill 2020 which received Royal Assent on 24 March 2020. The two measures which impacted super were the Temporary Early Access to Superannuation (Early release) and Superannuation Drawdowns.

COVID-19 Early release from super

From 20 April 2020, members with super accounts were able to apply for an early release of up to \$10,000 of their super. Members were also able to apply for an additional release of \$10,000 from 1 July 2020 up until 24 September 2020. Subsequently, the Government made a further change enabling the additional release of \$10,000 post 1 July 2020 to continue up until 31 December 2020.

Amounts paid from a members super Account will be tax free, will not affect Centrelink or Veteran's Affairs payments. The amounts will be treated as non-assessable non-exempt income, will not be counted as income and will not be considered under any income or means test. Members can only apply once in each financial year, so can make two applications at most per person.

In addition, members who satisfy a financial hardship or compassionate condition of release can still apply for these in addition to the early release of super.

Details on meeting eligibility requirements, and accessing funds for the 'COVID-19 early release from Super' can be found at ato.gov.au/super, including ato tv outlining how easy it is to set up a MyGov account. A summary of information around Financial Hardships options can also be found in the Additional Information Guide of the Fund.

Superannuation Drawdowns

Changes to superannuation drawdowns were effective from 25 March 2020. The minimum drawdowns were reduced to provide support for retirees to enable them to manage market volatility and reduce the impact of the downturn on retirement savings in the drawdown phase.

For the remainder of the 2019/2020 financial year, and for the full 2020/21 financial year, pension payment minimum amounts were halved for:

- Account based annuities and pensions including transition to retirement income streams,
- Allocated annuities and pensions,
- Market-linked annuities and pensions also known as term allocated pensions.

Options provided included:

- submit new instructions to vary pension drawdown amounts, or to
- continue on as normal.

If the Fund did not receive any new instructions from you to amend pension payments, the Trustees' default position was for the administrator to continue to drawdown at the pre-existing level. This meant, the new pension minimums were applied on an opt-in basis for the remainder of the financial year, and continuing into the 2020/21 financial year.

Transition to Retirement Pensions are a form of an account-based pension, and have both minimum and maximum payments to consider when opting in and lodging a superannuation drawdown.

To halve or minimise your pension income stream, you need to 'opt in' and provide a new pension payment instruction. This can be done by:

- Forwarding in a letter request by email, ensuring it is clear what you are asking for, or
- Forwarding in a completed and signed pension payment request form.

Further information on both Superannuation Drawdowns can be found at ato.gov.au/super.

Protecting Your Superannuation Package Legislation

Changes to your insurance cover

Protecting Your Superannuation Package legislation came into effect from 1 July 2019. This required funds to cancel members' insurance cover when an account is considered "inactive" – that is, the account hasn't received a contribution or rollover for 16 months (regardless of your account balance), and you have not advised us that you want to keep your insurance cover.

The Fund regularly communicates with members to provide notifications of the possible cancellation of their insurance at 9 months, 12 months and at 16 months after the account has last received a contribution. Where members wish to retain their insurance cover, they may 'opt in' by completing, forwarding or emailing to the Fund the opt in to maintain or reinstate insurance cover form. This form can be found on the Secure Online Portal in the FAQ/Forms tab.

Caps on certain fees

Since 1 July 2019, a cap has been applied on administration fees, investment fees and certain costs charged to your account if your account has a balance of \$6,000 or less on the last day of the financial year (or when the account is closed). The first year this has been applied is as at 30 June 2020.

That cap for those with a balance of \$6,000 or less is 3% of your account balance. If you're charged more than this during the financial year, you'll be refunded the excess within three months from the end of the financial year, or at the time you close your account. In addition to the above, exit fees have been banned on all super accounts. Please note that other fees might still apply.

Unclaimed Super Monies Act (Amendment)

Note: The unclaimed super monies payment due to be paid by the Fund in April 2020 was deferred until 31 October 2020 due to COVID-19.

Treatment of inactive low-balance super accounts

Since 31 October 2019, if you have had an inactive low-balance account, the ATO will try to match said account with your active one. This also applies to accounts identified as being low-balance and inactive from 30 June 2019, which if they have not been activated, must be transferred to the ATO by 31 October 2019.

The exception to this is where you have provided a written notice to the ATO declaring that you are not a member of an inactive low balance account. If this applies to you, you can authorise the Fund to provide the written notice to the ATO on your behalf. The notice must be provided to the commissioner of Taxation on or before the relevant due date for the payment to the ATO. The notice is valid for 16 months, and after that period if your Account remains an inactive low balance Account, you will need to complete another declaration, and will need to continue to do so every 16 months if you wish for your funds to remain in your Simple Choice Super Account.

Further information on unclaimed super monies and inactive low-balance super accounts can be found in the Important Information section of this Annual Report or on the ATO website at

<https://www.ato.gov.au/Individuals/Super/In-detail/Growing-your-super/Inactive-low-balance-super-accounts/>.

Alternatively, if you make a contribution or rollover to your Account, make changes to your insurance, or change your investment options, before the transfer date, your account will be considered 'active' and won't be closed or transferred to the ATO.

Putting Members Interests First Act 2019 (PMIF)

This Bill was passed by Federal Parliament in September 2019, and came into effect on 1 April 2020.

It is designed to protect low balance accounts and the superannuation savings of members aged under 25 from balance erosion due to insurance coverage they may not need.

From 1 April 2020, insurance cover is now only offered on an opt-in basis – meaning you’ll have to choose to participate in insurance cover, rather than having it applied by default – if you’re under 25 or have a balance less than \$6,000.

There is one exception to this, and that’s if you work in what’s determined to be a “dangerous occupation” such as the police force, truck driving, farming or concreting. Default Insurance Cover held should also be considered, as certain occupations including those noted as ‘dangerous’ are excluded from cover.

Further information on PMIF Frequently Asked Questions can be found on the Federal Government website

<https://www.apra.gov.au/putting-members-interests-first---frequently-asked-questions>.

Reserves

The Trustee maintains the following reserves in the Fund for the benefit of members. Reserves are held to meet licence conditions, facilitate administration efficiency and are invested for the benefit of members.

Operational Risk Financial Requirement

Trustees of super funds are required to establish and maintain an Operational Risk Financial Reserve (ORFR) which complies with prudential requirements to ensure that the Trustee has sufficient financial resources to provide for member and/or beneficiary losses arising from an operational risk event such as incorrect benefit payments due to human or system error, unit pricing errors and loss of data. The reserve is funded from fees and other costs. Expense recovery fees may include a transfer to the ORFR to meet this regulatory requirement. Please refer to the current PDS and PDS Guides for more information.

Expense reserve

The Trustee maintains an expense reserve (ER) for costs not related to the administration of the fund. The expense reserve complies with prudential requirements and is utilised for the payment of fund fees, costs, tax and levies. Please refer to the current PDS and PDS Guides for more information.

Buy/Sell costs

When a member buys or sells units, this initiates a need for the Trustee to trade the underlying assets that relate to the particular investment transaction. This trading generates transaction costs such as brokerage, settlement costs (including custody costs), government taxes/duties/levies, bank charges and Account transaction charges which are paid from the investment option.

These transaction costs are reflected in a buy/sell spread that is taken into account in the calculation of unit prices. The buy/sell spread is the difference between the entry price and exit price of units and is an additional cost incurred by members each time they invest (including via rollovers from other funds) or withdraw funds. The buy/sell spread is retained within Simple Choice Super and contributes towards the transaction costs associated with Simple Choice Super buying or selling assets in relation to investment transactions initiated by members or relating to the administration of member Accounts.

The spread ensures that those members joining or leaving Simple Choice Super or product, or switching investment options, contribute towards these transaction costs and other investors who are not joining, leaving or switching investments at that particular time are not disadvantaged.

The buy/sell spread for the investment option is made up of the following costs:

	Buy	Sell
Simple Choice Super - Investment Strategy		
Growth	0.15%	0.15%

Allocating net earnings to members' Accounts

As Simple Choice Super is a unitised fund, your Account balance is equal to the amount of units held multiplied by the applicable unit price(s). The value of each unit held and the unit price for each investment option changes with the value of the underlying assets of the investment option.

The unit pricing process for pooled investment options:

- We calculate the value of the underlying assets of each pooled investment option once every day.
- The value of the underlying assets is divided by the number of units on issue for that investment option.
- This is the unit price that will be applied to your transaction request.

Sometimes unit pricing errors may occur. In the event that a material unit price error is detected and requires rectification, the Trustee may apply a fixed dollar minimum of \$20 when determining whether exited (former) members affected by the error should be compensated.

Refer to the current PDS for more detailed information about the calculation of earnings. The PDS is available by contacting us on 1300 352 734. Refer to your Annual Member Statement for information on the net investment performance for your portfolio of investments.

Types of unclaimed super

Superannuation legislation requires the Trustee of the fund to transfer information and superannuation benefits to the Australian Taxation Office (ATO) when member benefits are classified as Unclaimed Super. There are two ATO reporting periods each year (by 31 October for the 30 June six-month period, and by 30 April for the 31 December six-month period).

- **Member aged 65 years or older** – your Account has been inactive for two years or more, and we have not been able to make contact with you for five years.
- **Non-member spouse** – An amount payable to a non-member spouse as a result of a family law superannuation split, and after making reasonable efforts to contact, the non-member spouse, and after a reasonable period has passed, we are unable to ensure that the non-member spouse will receive the amount.
- **Deceased member** – the trustee is unable (after reasonable endeavour) to locate a beneficiary to pay your benefit to.
- **Temporary residents** – temporary residents permanently leaving Australia have up to six months to claim their super and if not claimed the amount will be transferred to the ATO.
- **Former temporary resident member** and you have not claimed your benefit after six months from your visa expiry or cancellation date and you are not an Australian or New Zealand citizen.
- **Small and insoluble lost member** – when your balance is less than \$6,000 (small lost member Account). and you are considered as:
 - uncontactable – two pieces of mail sent to you have been returned undelivered, no contributions or rollovers have been received within the last 12 months, and the fund is satisfied that it will never be possible to pay an amount to the member (insoluble lost member Account).

- **Holding an inactive low-balance account** – A super account is an inactive low-balance Account if all of the following criteria are met on unclaimed money day where:
 - no contribution or rollover has been received for 16 months,
 - the account balance is less than \$6,000,
 - the member has not met a prescribed condition of release,
 - the account is not a defined benefit account,
 - there is no insurance on the Account,
 - the Fund is not a self-managed Super fund (SMSF) or small Australian Prudential Regulation Authority (APRA) Fund.

When is an inactive low-balance Account considered active?

An inactive low-balance Account is deemed to be active if any of the following have occurred within the last 16 months. The member:

- Changed their investment options,
- Changed or elected to maintain the insurance coverage,
- Made or amended a binding beneficiary nomination,
- Notifies the Fund or ATO in writing that they are not a member of an inactive low-balance Account, or
- Owes the super provider an amount in respect of their membership.

Further information can be obtained from the website [ato.gov.au/Individuals/Super/Growing your super](https://ato.gov.au/Individuals/Super/Growing_your_super).

Member statements

Your Annual Member Statement is published online within your Account, you can access this via the Super tab/Report inbox in the Secure Online Portal. Additionally, we also publish product updates and personalised communications online.

Superannuation surcharge tax

While the superannuation surcharge was abolished with effect from 1 July 2005, the ATO may still issue assessments in relation to previous years. Any amounts deducted by the Fund in relation to the superannuation surcharge tax payable will be reflected in the transaction section of your Annual Member Statement.

Temporary residents

If you have worked in Australia on a temporary visa and you have super in Australia, you can apply after you leave Australia, to have this super paid to you as a departing Australia superannuation payment (DASP).

If you have not claimed your super after you have left Australia for at least 6 months, and your visa has expired or been cancelled, your super will be transferred to the ATO as unclaimed super money. You can subsequently access your benefit from the ATO. The ATO can be contacted on 13 10 20. We are not obliged to notify or give an exit statement to you if we transfer your super to the ATO after you depart Australia.

There are limited conditions of release available to a member who is or was a temporary resident. Accounts in respect of all temporary resident members (irrespective of whether or not they have left Australia) will only be able to be released under the following conditions:

- death or terminal medical condition,
- permanent incapacity,
- departing Australia permanently – applies to temporary residents who apply in writing for release of their benefit,
- Trustee payments to the ATO under the Superannuation (Unclaimed Money and Lost Members) Act 1999, or
- temporary incapacity and/or release authorities under the Income Tax Assessment Act 1997.

Note: If you are a New Zealand citizen or you become an Australian citizen or permanent resident these changes will not apply to you.

Eligible rollover fund

Subject to any obligation to pay lost member benefits to the ATO, in situations where your member benefit is classified as lost super monies, there are circumstances in which the Trustee would pay a member benefit to an eligible rollover fund (ERF). An ERF receives and invests the entitlements of superannuation fund members in certain circumstances

The Trustee may transfer your superannuation benefit to the Plan's ERF if you become:

- an inactive member (that is, you joined the Plan more than 16 months ago, but in the last 16 months there have been no contributions or rollovers credited to your Account), or
- a lost member (that is, two items of written communication from the Plan have been sent to your last known address and have been returned unclaimed).

Being transferred to an ERF may affect your benefit because:

- you will cease to be a member of the Plan,
- any insurance cover you had with the Plan will cease, and
- you will become a member of SMERF and be subject to its governing rules.

The ERF currently selected by the Trustee is:

Disclosure of Interest

The Trustee is also the Trustee of SMERF and receives remuneration in this capacity.

The future of ERFs

The Government has been working towards the closure of Eligible Rollover Funds, however due to COVID-19 the effective date of the proposed change was deferred until 2021. The Trustee is monitoring the passage of the Treasury Laws Amendment (Reuniting More Superannuation) Bill 2020, and if passed, will issue communications to all members advising of the change.

Conflicts

The Trustee's approach to conflicts management is governed by its Conflicts Management Policy, which sets out the principles and the minimum requirements of the Trustee. Conflicts are identified, recorded and managed on an ongoing basis via the Trustee's registers of relevant duties and interests and via other related Trustee policies, systems and processes. Training and awareness with respect to the Trustee's Conflicts Management Framework is undertaken annually. Further information can be found at www.diversa.com.au/trustee/governance.

Enquiries and Complaints

The Trustee has set up a formal procedure for dealing with complex enquiries and complaints about your Simple Choice Super Account, including insurance. You can make an initial enquiry by phoning Simple Choice Super, or you can formally register your complaint by email or by writing to the Complaints Officer: A summary of the enquiries and complaints process will be provided with an acknowledgement at the time of your enquiry or complaint.

Phone:	1300 352 734
Write:	Complaints Officer Simple Choice Super Fund GPO Box 263 Sydney NSW 2001

We aim to resolve all complex enquiries and complaints quickly and fairly. If you are not satisfied with the final decision, or we have not responded within 90 days from the date that your complaint is received, you may lodge a complaint with the Australian Financial Complaints Authority (AFCA), our external dispute resolution (EDR) scheme.

AFCA

AFCA is an EDR scheme that deals with complaints from consumers in the financial system. AFCA replaced the Superannuation Complaints Tribunal. Strict time limits apply for lodging certain complaints with AFCA; otherwise AFCA may not be able to deal with your complaint.

To find out if AFCA can handle your complaint and determine the type of information you need to provide, AFCA contact details are as follows:
